The Wakatipu region is home to some of New Zealand's most creative talents. Pure Adventure's popular Culture Tour has been specially developed for those wanting to admire their work and meet the creators themselves.

We head towards the 'valley of vines' to visit Chard Farm Vineyard, perched high on a flat between the blue-green Kawarau river and a thyme-covered hillside.

We meet the resident winemaker who will explain the wine making process, sample the wines and get some tips on wine tasting.

Following a brief stop to watch the action at the Kawarau Bungy Bridge, we continue into the historic village of Arrowtown. Here we visit a greenstone factory and see the sculptors at work.

We also call in to a wood turner's workshop, meet the artist and see examples of his work, then visit a small art gallery featuring paintings by local artists.

After relaxing with refreshments on the banks of the Arrow River we head back to Queenstown following road below Coronet Peak. A stop at the Shotover Jet river base gives you the opportunity to take a thrilling jet boat ride through the Shotover canyons and end the day with a blast.
